

Why Choose Bremer Mortgage?

Buying a home is a uniquely personal experience. At Bremer, we'll get to know who you are and what you want for your home and your future. Once we understand the big picture, our experienced mortgage bankers take the time to guide you through the options.

Financing options that go beyond traditional

Bremer Bank goes beyond traditional conventional mortgage programs, including:

- Affordable housing mortgage programs
- Jumbo loans
- Refinance loans
- FHA and VA insured mortgages
- Construction loans

The majority of our mortgage loans are service in-house. This means you only work with local professionals who understand your needs and your community.

We also offer a convenient online application, local appraisers who know the community and checking accounts that can save you money on closing costs.

With you every step

Choosing the right loan for your needs can feel overwhelming at first, but it doesn't have to. We'll go over everything from closings costs and origination fees to down payments and credit scores with you before personalizing a mortgage package with the best possible rate for your unique situation.
